DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: Claims 2-14, 19-32 are allowed following the decision on Appeal as set forth by the Board of Patent Appeals and Interferences.

The prior art made of record fails to teach a polyurethane impregnated in a geotextile as presently set forth in independent claims 2,19,21 and 32. Rather, the cited prior art teaches that the viscosity of the adhesive is sufficiently high so that compositions do not soak into the porous substrates and thus remain on the surface of the substrate where they maintain their effectiveness as an adhesive.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Lynda M. Salvatore whose telephone number is 571-272-1482. The examiner can normally be reached on M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Terrel Morris can be reached on 571-272-1478. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
